

## Reference

### Solar Sludge Drying

### Festoon Systems

**Application**  
Solar sludge drying plant

**Country**  
France

**City**  
Vivonne

**Project installation date**  
2009

**Representative office**  
Conductix-Wampfler [F]

**Operator**  
Saur

**Technical requirement[s]**  
Power supply of mobile system for sludge drying

**System course**  
One linear line and one curve

**Track length [System]**  
70 m

**Product[s]**  
Festoon Systems, Program 270

**Additional product information**

- Square profile
- Specific mechanical structure to support the curve

**Environmental condition[s]**  
Hot and wet (greenhouse), ammoniac

**Additional information**  
About 10 similar projects between 2009 and 2011
